"A TRIP TO INDIA."

The Edmonton Opera House was filled to capacity last night on its first night on the presentation of "A Trip to India." The Colonial Musical Comedy Company made a fine hit with "The Show Girl," and judging by the reception given "A Trip to India" last night, the company were no less successful in their second bid for public favor.

The company was strengthened by the addition of Harry Watson to the cast. Watson took the part of Nocky, a nautical adventurer and lecherous adventurer, made a great hit with the audience.

Miss Oswald took the part of Sylvia, daughter of Said Pasha, who travels to India disguised as a sailor that she may not be separated from her lover Hassan Bey of the Turkish empire. Her singing was superb.

Frank Nelson as Bey Hassan took the audience by storm with his passionate love song in the first act and was recalled again and again.

The pretty chorus girls as the wives of Said Pasha, sang and danced with bewitching charm, and the whole movement of the opera was bright, quick and captivating.

During the first act, Miss Nellie V. Nichols, assisted by Harry Watson and the Dancing Brothers, introduced Mr. Schneider from "The Girls of Gotterdammerung."

The familiar melody was given in splendid style and after repeated encores Miss Nichols delighted the audience with "The Jungle Song." In the second act she introduced the "Yama Man" from "The Three Tails."

LEADY ELEVATOR DESTROYED.

Early on Thursday morning the elevator of the Alberta Grain Co. at Leidy, was destroyed by fire. Nearly all the elevator stored in the building between 20,000 and 30,000 bushels in all, was destroyed. The contents were fully insured. It is not known how the fire started, but it is supposed to have been started by a short circuit in the lighting. The fire was noticed about midnight and the alarm given but the engine of the grain co. which was absent in Edmonton and it could not get an assistance in extinguishing the flames. The loss is estimated at about \$30,000, which is well covered by insurance. Some of the grain is not totally destroyed and will be available for feed.

SMITH-RITCHIE WEDDINGS.

The marriage took place at the home of John Ritchie 918 Ottawa avenue, on Thursday night, of the sister Miss Nina Ritchie, and H. P. Smith, of Lacombe, Ireland. The ceremony was performed by Rev. Robt. Pearson.

COMMENCEMENT AT YALE.

What the Graduates Will do for a Living.

New Haven, Conn., June 30.—Princeton's aims to be a model of the world's universities, and today turned out on the world's another batch of promising youngsters, from among whom it is confidently expected that another chief executive of the nation will come.

At least, that was the tenor of the remarks of speakers at today's commencement exercises, when members of the class of 1909, puffing up with pride, were given their shepherds and degrees and knelt as prodigies of stupendous intellect and towering genius, as is the pleasant custom on such occasions.

Today's ceremonies commenced with the time-honored procession of officers, graduates, candidates for degrees and invited guests from the college campus to Woodbury hall, where the graduation exercises were held with the customary pomp and circumstance befitting the solemnity of the occasion.

Annual meetings and feasts occurred in the afternoon, and this evening President Huxley will give a reception to the graduates in Memorial hall.

Statistics of the graduating academy class show that out of 321 men, 110 expect to go into some form of business, and 65 into law. Prof. W. E. Phelps, the favorite professor, and Dr. Lyman Abbott the favorite college president, elementary economics is placed as the most valuable course of study. Princeton is returned as the best graduate university, with Harvard next, Princeton year considered the hardest, and senior year the easiest. The average age in the class is twenty-two years, nine months and fifteen days. Average expenses:

boys in freshman year, \$208; sophomores, \$180; junior, \$150; senior, \$130.

BRYAN TO SPEAK IN EDMONTON

Under Auspices of Y. M. C. A. the Famous American Orator Will Deliver His Lecture on "The Prince of Peace" Here in October.

William Jennings Bryan, three times Democratic candidate for the presidency of the United States of America, and the idol of the Democratic party, will visit Edmonton this fall to deliver one of his famous lectures under the auspices of the Y. M. C. A.

Mr. Bryan as a result of the representations made to him by a delegation from the Y. M. C. A. of the Western Canada Y. M. C. A. association, present at the Omaha convention last month, decided to make a tour of the principal cities of the Canadian West and visit has just been received by Mr. Ward, secretary of the Edmonton branch of the Y. M. C. A., that the great orator will speak in Edmonton on either the 26th or 27th of October.

That as many as possible may have an opportunity of hearing the world-renowned speaker and statesman, the address will be delivered in one large and commodious hall—the Theatre.

Mr. Bryan will, it is expected, speak on his favorite subject, "The Prince of Peace."

COBBING ALBERTA FAIRS.

The Edmonton fair to be followed by the Calgary annual fair, which opens on Monday and extends throughout the week. Good agricultural fare will be held at Innisfail on July 12 and 13th, St. Albert August 8 and at Fort Saskatchewan on August 8th.

Assassin Arraigned.

London, July 2.—Mohan Lal, of Damsay, the Indian student who killed Lieut. Colonel Wyllie and Dr. Lalor at the conclusion of the gathering of the Imperial Institute, was arraigned, at the Westminster police court today, and remanded for one week, after being formally charged with wilful murder. In the dock the prisoner appeared unrepentant and stood with his hands in his pockets. He shook his head negatively when asked if he wished to say anything. His counsel said he had not wilfully killed Dr. Lalor.

"I saw him advance and then he caught hold of me. I fired in self-defense," he declared. The proceedings lasted only a few minutes and the Hindu prisoner was then removed to jail under a strong guard.

STRUCK BY LIGHTNING IN STORM LAST NIGHT

**Prominent Lloydminster Business
Man Badly Injured—A Son
License Inspector Deyl Also Hurt**

F. Burdett, a prominent business man of Lloydminster, lies in the Misericordia Hospital, where he is being treated for a heart ailment. He was taken to the hospital as the result of a lightning stroke which occurred at his home last evening as he was sitting in a chair. He had been sitting in the chair for about half past five when the lightning struck the house. Mr. Burdett was hurrying up the hall during the storm and shortly after he was taken to the hospital by Dr. W. D. and young Robert Decker, who were on duty at the time. A blast of wind and rain was blowing at the time and Mr. Burdett's hat and as he was hurrying down the hall after it, secured it and returned to his room.

As the boy handed the hat to Mr. Burdett a terrific flash of lightning struck both and threw them to the ground. The boy was thrown back and struggled forward a short distance and then screamed of agony and fright. He was brought to the hospital in a few minutes. Both were hastily carried to the Edmonton Club, where doctors were summoned to attend the injuries.

and his shoes torn so badly that they dropped from his feet. As the clothes were removed patches of skin came with them from his legs and body. His feet were blue, blood was flowing from his ears, his arms were partially paralyzed and the circulation of blood was practically stopped. For some time Mr. Burdett was unconscious, but when a dose of strychnine was administered he partially regained consciousness. His shrieks and screams could be heard for miles.

Among the inquirers outside was Mrs. Burdett, who happened to be near to the scene of the accident at the time, although not with her husband. She made her way into the club and spoke to her husband. Though seeming to recognize her, his mind was clearly wandering in delirium, as his utterances were incoherent.

stunned, seemed to be little worse for his experience. He lay quietly on a couch at the club but was unable to answer any questions. His father soon arrived at the boy's side and did everything he could for his comfort.

On the ambulance being called the boy was placed on a stretcher and taken to his home at 138 Boyle street, where, at a late hour last evening, he had quite recovered consciousness but was unable to tell what had happened to him.

The opinion of the doctors was that Mr. Burdett, although severely burned and frightened, would recover within twenty-four hours or so. When the ambulance returned and Mr. Burdett was removed to the hospital his circulation was somewhat restored, his eyes had assumed their normal appearance and he was resting very much easier. He was removed with much difficulty and his renewed groans indicated that his burns were giving him great pain. It was a fortunate thing that there

Mr. and Mrs. Burdett came up to attend the fair and were registered at the King Edward. They had intended to return east last evening. The injured man has been in business in the town of Lloydminster for some time, where he is senior member of the firm of Burdett & Tyler.

British Ship Seized.
New York, July 2.—Customs inspectors are still guarding the British steamer Ethel Wood which was seized Wednesday night at her dock at the Erie Basin on orders issued by Collector Loch on suspicion that she was about to sail on a filibustering expedition to Santo Domingo.

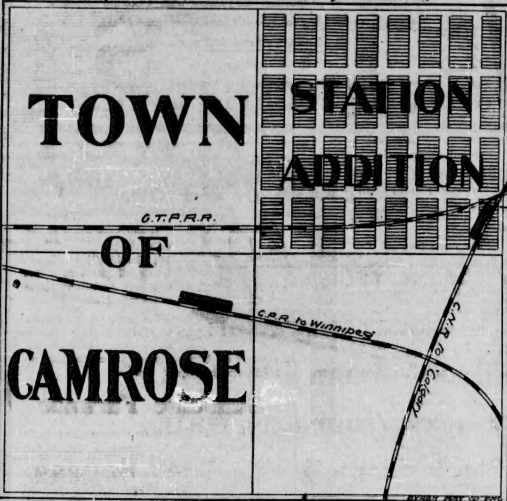

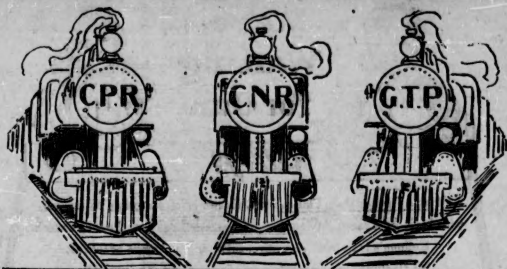

Montreal, July 2—Statistics to date show grain shipments through the St.

Lawrence to be a million bushels short of last year. It is stated as a reason that the scarcity of grain in the West caused it to be milled there instead of exported.

Gifts for McGill.

Montreal, July 2.—The announcement was made that Lord Strathcona celebrated Dominion Day by gifts of half a million to McGill. Of this the sum of \$450,000 goes towards rebuilding the medical building and \$50,000 to augment the fund

for the payment of professors' salaries.

Suggestive Questions on the Sunday School Lesson by Rev. Dr. Linacott for the International Newspaper Bible Study Club.

July 6th, 1909.

Paul's Second Missionary Journey.
—Antioch to Philippi. Acts xv 38 to
xvi 40.

Golden Text—Come over into Macedonia and help us. Acts xvi 9.
Verse 36—Is it generally necessary to follow up any good work which we have commenced if we would make it a success?

Verse 37—Would it have been wiser if Barnabas had first consulted Paul in the matter of taking Mark? Barnabas was a relative of Mark; are we as good judges of the fitness of our relatives for an office as we are of the fitness of others? Why?

Why is nepotism in government appointments looked upon with suspicion?

Had Paul, probably, good reason for objecting to taking John and Mark with them? (See Acts xvi 13.) If a man shows lack of courage, is

he, or faithfulness, in one position, does that disqualify him in any measure, from getting another, or from success when in another position?

If both Paul and Barnabas had been duplicates of the man Jesus, would there have been this quarrel between them and how would the matter have been settled?

When two Christians fall out, is one or both always to be blamed? Verses 40-41—Had the dispute between these two men work for good, as it resulted in two missionary deputations instead of one?

By any process of reasoning can you conclude that God was back of this dispute between these two godly men, so as to better work out his purposes?

Chap. xvi 13—Should ministers and other Christians, be on the lookout for young men who are fitted for the ministry, the same as business

men are for good salesmen? What can you say for or against Paul circumcising Timotheus, in view of the decision of the council at Jerusalem? (See Acts xv 1-29.)

In matters of habit, or ceremony, or non-essentials it is well for us give way to the views of others, seeking our own preference when we can accomplish good by so doing? For example, you may suppose wearing "digdags" in this country, with wisdom, and yet to refuse to wear one in China may be great folly.

Verses 40—What were the "doctrines" of the elders which were at Jerusalem, and are those binding upon the church today? (See Acts xv 28-29.)

Is a church better with or without an elaborate creed?

What did Jesus teach which is not included in righteousness, and the constant vision of God?

Will a church sound "in the faith" always be a magnet to draw others to it?

Verses 6-8—Why did the Holy Spirit forbid them to preach in Asia and Bithynia, and would they have attained had they done so?

When are we hindered providentially from doing certain good works, so that the Holy Spirit hinder us? Verses 9-10—How many methods does God adopt in leading us?

Does God in every emergency give us some sure guidance as to what we ought to do?

Was this vision just as clear a call from God, as though he had spoken personally?

Verses 11-12—Does God direct the course of the Christian with absolute certainty, notwithstanding wind or sea?

Verses 13—What is one of the first things an earnest Christian looks out for, when he moves into a new community?

Are women generally in the majority as earnest Christians?

Verses 14—Are busy women generally more spiritual than those who have had little to do?

Should all girls be taught to earn their own living?

Is it easier for God to open the heart of an industrious person than that of an idler?

Verses 15—If a person is inhospitable, or stingy, is that a sure sign of ungodliness?

able, or stingy, is that a sure sign of ungodliness? Lesson for Sunday, July 11th, 1909. Paul's Second Missionary Journey. The Philippian Jailor. Acts xvi 40.

AN EXCITING BATTLE WITH A MAD BUFFALO

Impaled Horse in the Struggle and
Carried Horse and Rider on His
Horns About 300 Yards.

Ravalli, Mont., July 1.—The work of leading in the cars for shipment to the Canadian parks has been successful and the train is expected to arrive in Alberta in a few days. The work has been full of exciting incidents, and many have escaped from death to the cowboys engaged in the hunt. One of the most thrilling of these occurred last Saturday at Ravalli, where the animals are caught for leading in were over 50 miles of rough mountain trails to Ravalli, where they were loaded in the cars. Johnny Decker, one of the most expert riders of the camp, was the hero of the adventure, and his exciting experience is related in this story.

Decker's Thrilling Ride.
Decker and his brother, who were employed as expert riders to corral the lions and did in leading them into the cars, in which they are being loaded from Roman to the railroad cars at Ravalli, were endeavoring to drive the animal from the corral at Ravalli, where the animal was being led, guided by malice by the effects of the drive to force them into the wagon, loaded and stalled. One change resulted of the hunt, which Decker had been trying to force through the leading cattle, which suddenly, however, the animal, in blind fear, charged toward the rider. Traveling with the speed of the wind, the beast bore down on Decker's horse. The rider was unable to control his mount, and the horse's path and in an instant the horse was impaled upon the buffalo's horns. With an exhibit

ing of strength about beyond belief the buffalo raised the horse and rider from the ground and held carrying him pushing them, here them across the ground for a distance of 300 yards or more.

Tried to Shoot.
With almost certain death staring him in the face, Decker attempted to draw his revolver from the holster and his efforts to release it were futile. While the other riders, unable to lend their control, any assistance, watched to see him go beneath the hoofs of the buffalo, Decker clung firmly to his saddle and struggled with the receiver. Just then the buffalo stumbled and the rider and his horse were hurled from the horns of the beast into the dust. The horse, however, was thrown head first, but Decker, fortunately, was thrown from the animal, and a severe shaking up, escaped unhurt. Unfazed by his narrow escape, Decker mounted another horse and assisted his brother and the other drivers to force the animal into a wagon case in which he was safely transported from Roman to the cars at Ravalli.

Decker's horse, which was the property of Michael Pablo, former owner of the buffalo herd, and one of his finest animals, was the second horse to fall a victim to the horns of a buffalo since the round up commenced. Only two days before Decker's experience another animal belonging to Pablo was charged by a buffalo and one of his horns was in rider.

Loan Agent Fined.
Winnipeg, July 5.—Mary E. Glenn, local agent of Farmers, the loan clerk out of with a \$200 fine this morning. In January, 1919, she was fined for receiving from Marge, nine miles distant, a sack of wheat, and she was fined \$200.00 during the preceding year. Bounties on lead were \$200.00 compared with \$100.00 during the preceding year.

Test Electrical Instruments.
Ottawa, Ont., July 2.—During the last fiscal year the government paid a total in bounties of \$2,672,366.00 on pig iron, steel, lead, petroleum and Manila fibre. The iron and steel bounties were \$1,964,614.00, compared with \$2,303,152 during the preceding year. Bounties on lead were \$200,433 compared with \$100,000 during the preceding year.

St. Louis, July 1.—St. Louis is preparing to entertain about 100,000 visitors and delegates to the Modern Woodmen's national convention.

CANADIAN STATESMEN

Discuss Imperial Affairs at London Banquet.

London, July 2.—Dealing with the dinner given by Mr. McMaster, the London correspondent of the Montreal Star, says: "Hardly less remarkable was the greeting given Sir Charles McMichael, the Canadian minister at London, at the Constitutional Club, in honor of R. L. Borden. Sir Charles looked well and spoke with vigor which quite belied the fact that he is celebrating his 80th birthday. Mr. Fickling's speech at the evening dinner is thought to be designed to show down the idea of Canadian cooperation in a central naval force, leaving the Canadian military absolutely untrammelled for the coming conference to move more slowly along the local defence lines. Earl Grey, however, made it clear that the imperial government felt it their duty to submit to the Commons the bill for naval cooperation in view of the critical condition of the world's affairs. 'Of course the Dominion government will accept, make modifications or reject as they please. The last thing intended is to put the smallest pressure upon them.'"

Austin Chamberlain also emphasized the united intention to leave the freedom of action of the Dominions, absolutely unimpaired in any future cooperation in matters of defence.

Mr. Borden explained that his cooperation in the unanimous resolution of the Canadian House of Commons goes before the remarkable agreement from British leaders, all parties showing a critical character to the European emergency. He strongly urged cooperation in increasing British settlements in Canada.

THE BOUNTY BILL

Department of Inland Revenue Will Test Electrical Instruments.

Ottawa, Ont., July 2.—During the last fiscal year the government paid a total in bounties of \$2,672,366.00 on pig iron, steel, lead, petroleum and Manila fibre.
